

Local Connection

The Local Connection Philosophy

We want to live and work in communities where people and businesses support each socially, personally, and economically. We're a small business with local roots. We want our business customers to understand that we support them: because without them, there would be no us.

Business Services

Gorge Networks offers a variety of voice, data and fully managed office solutions to meet your business needs. Our team of engineers, sales and support staff will work with you to build a solution that fits your unique business and budget, just like we have for our friends featured on this page.

Service that Works | Just ask these guys!

Are you already a happy Gorge Networks business customer? Refer a fellow business owner to Gorge Networks and we'll credit you both \$125 when the new business signs up for service. Contact us to get started.

The Tofurky Company

The lovers of all things meatless are a true Gorge original. Recently, Tofurky needed a phone system overhaul and more bandwidth to handle their ever-increasing customer base. We hooked them up with a big upgrade for a seamless transition to their beautiful, new, award-winning building on the Hood River waterfront.

pFriem

pFriem Family Brewers were looking for a simple solution for their voice and internet communication needs. They wanted something simple and affordable as a startup, but wanted to be able to grow with ease. Gorge Networks answered that call – Cheers!

Fun Country

Fun Country Powersports has been serving The Dalles with fun toys to meet any adrenaline level. After trying other solutions over time, they realized they needed a mature phone system and rock solid internet service to support their business. Gorge Networks stepped up to provide a solution that fires on all cylinders all the time.

The Farm Stand

Farm Stand needed a Full IT Solution so they could focus on what they do best: serving up fresh, healthy food to keep their customers coming back. They found value in our fully managed telecommunication service, tailored to small growing businesses.

Columbia Gorge Discovery Center

Discovery Center needed a high speed connection for their education program, as well as WIFI for visitors to the Discovery Center. Gorge Networks was the only service provider able to get them the Bandwidth they needed. We understood their needs and put together a solution that met the needs of their customers.
