What is the Project: Gorge Networks, in conjunction with Sherman County and the Cities of Sherman county, is installing a fiber network. The City of Moro is the first city we will be focused on. The purpose of the network is to provide reliable high-speed internet access and telephone service. The goal of the project is to make these services available to all residents of Moro, and possibly some of the outlying areas, at affordable prices.

Who is Gorge Networks: Gorge Networks is a local service provider based in Hood River, OR and has been around for over 22 years. Gorge Networks is locally owned and focuses on bringing internet access to rural Oregon and Washington. We have been providing service in parts of Sherman county for many years, but this new technology will improve the performance and reliability while keeping the service affordable.

Why is this good for me?: Whether you are an avid user of the internet or just an occasional user, this system will benefit you. First, the speed and reliability will surpass anything available in the area. Second, the price is extremely competitive. Our pricing is listed below:

Service Speed Down/Up (Mbps)	Service Class	Install Charge	Monthly Charge *
25/5	Residential	\$99	\$44.95
100/10	Residential	\$99	\$49.95
Telephone Service	Residential	0	\$14.95

25/5	Business	\$99	\$59.95
100/10	Business	\$99	\$79.95
Telephone Service	Business	tbd	\$19.95

*Does not include taxes and fees

Our most popular residential package is shown below:

100M Internet access	\$49.95	
Telephone service	\$14.95	
Gorge wide calling	Included	
Managed WiFi	\$8.95	
Total	\$73.85

Moro Updates (10/19/2018)

We have completed the main fiber construction!!! We will be installing service to businesses and residents starting the week of 10/22. Remember – the first 50 to sign up will be entered into a drawing to win a 50 inch smart TV. If you want service – please fill out the form above and we will contact you to schedule the installation.

Grass Valley Updates (10/19/2018)

The mainline construction process has been started. We are working placing fiber on the power poles through the end of the month. If you don't see us working there, it is because we are receiving the final materials for the project. We expect to complete the main network construction by late November. Stay Tuned for updates. If you want to order service please fill out the form above and we will contact you to go over options.

You can also send email to ShermanFiber@gorge.net or call us at [541-436-0246](tel:541-436-0246)
