[Moro Updates](#) | [Grass Valley Updates](#) | [Rufus Updates](#) | [Wasco Updates](#) | [Biggs Updates](#)

**What is the Project:** Gorge Networks, in conjunction with Sherman County and the Cities of Sherman county, is installing a fiber network. We have completed construction in Grass Valley, Moro, and Wasco. Rufus and Biggs are underway. The purpose of the network is to provide reliable high-speed internet access and telephone service. The goal of the project is to make these services available to all residents of in the incorporated cities of Sherman County, and possibly some of the outlying areas, at affordable prices.

**Who is Gorge Networks:** Gorge Networks is a local service provider based in Hood River, OR and has been around for over 22 years. Gorge Networks is locally owned and focuses on bringing internet access to rural Oregon and Washington. We have been providing service in parts of Sherman county for many years, but this new technology will improve the performance and reliability while keeping the service affordable.

**Why is this good for me?:** Whether you are an avid user of the internet or just an occasional user, this system will benefit you. First, the speed and reliability will surpass anything available in the area. Second, the price is extremely competitive. Our pricing is listed below:

Service Speed Down/Up (Mbps)	Service Class	Install Charge	Monthly Charge *
20/2	Residential	\$99	\$44.95
100/10	Residential	\$99	\$49.95

Telephone Service	Residential	0	\$14.95
20/5	Business	\$99	\$59.95
100/10	Business	\$99	\$79.95
Telephone Service	Business	tbd	\$19.95

\*Does not include taxes and fees

Our most popular residential package is shown below:

100M Internet access	\$49.95	
Telephone service	\$14.95	
Gorge wide calling	Included	
Managed WiFi	\$8.95	
Total	\$73.85
