(Hood River)

Network Engineers, Systems Administrators, and Technical Team Leads– Must love clouds.

Work with a communications company in the Northwest Paradise of Hood River Oregon. The winters can be cloudy but the clouds bring epic snow on the Mountains. The summers are an absolutely unrivaled. Our region is a haven for water sports and almost any other outdoor activity.

Candidates that we add to our team must be willing and excited to learn, we expect you to possess and acquire a large breadth of knowledge. Candidates must be able to self-manage projects, prioritize appropriately, and work with deadlines. Candidates need to be willing to challenge themselves personally and professionally. Candidates are expected to participate in an on-call rotation and, in turn, take advantage of some schedule flexibility to get out of the office and play. We have several openings as we pursue new network deployments, new product offerings, and regional growth. If you would like to be a part of our team and are willing to work hard and play hard, please contact us with a resume and cover letter.

Candidates are expected to bring knowledge or expertise in several of the following areas with an eagerness to learn in other areas:

## **Network:**

ATM, Ethernet, Switching, Routing (emphasis on BGP), IPv4, IPv6, MPLS, T1, ADSL2, VDSL2, SHDSL, EFM, Wireless, Fiber

## **Telco:**

VoIP, PRI, CAS, GR303

**Systems:**

Windows Server 2003/2008/2012, Linux (Redhat Enterprise Linux, CentOS), Linux KVM, Hyper-V 2008/2012, VMware ESX, IIS 6/7/7.5, SQL Server 2005/2008/2012, Exchange 2003/2013, Active Directory, Apache/MySQL/PHP/Coldfusion/ASP.net, Microsoft Clustering, Microsoft Network Load Balancing, Symantec Backup Exec, SMTP, IMAP4, POP3, DNS, DNSSec, NetApp SAN (iSCSI, CIFS, NFS), EMC SAN (Fibre Channel)
