Free Wi-Fi in The Dalles and Hood River

Gorge Networks is proud to have been selected to work with Google and The City of The Dalles to implement free Community Wi-Fi throughout The Dalles downtown area. Phase 1 is complete and additional coverage to the Cascade shopping area will be online shortly.

Gorge Networks is proud to announce Free Wi-Fi at the following Hood River locations: **Jackson park, Water front park, the Event site, and Marina park:**

Let us know where you would like free Wi-Fi in your community!

How we give back

At Gorge Networks we believe in giving back. Each year we try to make a significant positive impact on the people and communities we serve. This year, a portion of the money you spend on your service with us went to the Hood River Tennis Courts, Big Brothers/Sisters, American Cancer Society, New Parent Services, United Way, Gorge Grown and many Gorge wide schools and sports teams.

How do I email large files?

Most Email providers have a limit on the size and type of file that can be sent via Email.

If you need to send large files (10M and higher), there are a few websites that make it as easy as 1,2,3.

Wizdrop allows you to send up to 100 MB to any email address.

Go to:

www.wizdrop.com

There are 3 easy steps:

1. Enter your email address
2. Upload the file
3. Enter the email address you want to send to

A Message to our Valued Customers

When I look out the window and see the soggy weather that is typical here this time of year, oddly, it makes me feel lucky. Even through the fog, we are surrounded by great people, beautiful places and a wealth of activities. I have the added luxury of loving what I do. Thank you, our customers, for the privilege of serving you. On behalf of all us here at Gorge Networks, have a wonderful holiday season!

Happy Holidays—Dan Bubb, President
